React.js, Node.js, Chakra UI, Bulma CSS, Sass

Other:
Linux, Git, Webpack, Visual Studio Code, NPM

OTHER SKILLS

- Love of Learning
- Self-Motivated
- Problem Solving Skills
- Collaboration

PROFILE

I'm a self-taught front-end developer who has always found coding intuitive and is highly driven and self-motivated. My current focus is to write reusable and maintainable code and build highly scalable web apps.

PROJECTS

Weather App

A weather app that shows current weather for a city. Built using React and OpenWeatherMap API.

Tic Tac Toe

A fun AI-based game that uses the minimax algorithm to make decisions against a human player. Built using HTML, CSS and JavaScript.

Memory Game

A simple memory card game built using React and Bulma CSS.

EDUCATION

Full-Stack JavaScript
The Odin Project

2020 – present

JavaScript Algorithms and Data Structures Certification
Free Code Camp

2020

Master of Business Administration
Gujarat Technological University

2018
